Playback Control Tables

If a USB drive is connected to the LG TV, playback is controlled as shown in the tables below. These controls are also applied for playback using the SmartTV APPS.

| LG TV Playback Controls | | |
|---|---|------------------|
|  | | Play, long press |
|  |  | Stop |
|  |  | Pause |
|  |  | Record |
|  |  | Rewind |
|  |  | FF |

| LG TV Playback Controls Beo4 Navi | | |
|---|--|--------|
|  | | Play |
|  |  | Stop |
|  |  | Pause |
|  |  | Record |
|  |  | Rewind |
|  |  | FF |

Apple TV Control Tables

In the *factory default setting* the OneRemote converter can control an AppleTV after pressing . First the LG TV will open the TV's HDMI3 source and hereafter the Beo4 remote control will shift to direct control of the Apple TV, according to the tables below.

During setup source and control may have been altered. Refer to the Setup Guide.

| AppleTV Power Power | |

|  | 3 | Search |
|  | 4 | Netflix |
|  | 5 | Movies |
|  | 6 | Subtitle |
|  | 7 | Analog Description |
|  | 9 | Power |

Temporarily disabling the OneRemote TV Conversion

A OneRemote modified Beo4 remote control controls non-Bang & Olufsen devices, in this case a LG TV. But it is possible quickly to disable/ enable conversion, thus being able to control both a non-Bang & Olufsen LG TV and alternatively a Bang & Olufsen TV.

Simply, at any time, enter the two-key sequences from below table.

| | | |
|-----------|---|----------------------------------|
| TV | Controls a Bang & Olufsen TV: | Volume down followed by 0 |
| TV | Controls a LG TV <i>factory default</i> : | Volume down followed by 1 |
